

TRADD Master English course
Clare Lavelle - Levels B2 - C1

This course invites all the TRADD Master's students to be part of the content decision process. During the first lesson, students will have the opportunity to tailor the course to suit their needs with guidance from the teacher.

General learning objectives

- to gain sound general knowledge and open-mindedness which are necessary for any good communicator in today's working world
- to develop analytical/critical thinking skills
- to strengthen grammar skills
- to be able to express oneself in a clear and concise way
- to add more precision and variety to writing skills

The learning goals and objectives will be discussed and defined. Students should expect a high degree of interaction and homework must be done.

Evaluation:

- Active participation/homework assignments/student-led project 60%
- Final presentation 40%
